

Join Us for a Fun Day at The Shea Center in San Juan Capistrano!

The Shea Center offers interactive tours for adults of all ages to experience the uniqueness of our facility that provides horseback riding lessons to persons with disabilities.

During a pleasant visit to our property, by walking or riding in a golf cart, you will:

- **Meet** new friends while visiting with Shea Center instructors and volunteers
- **Engage** your mind while learning why horseback riding is so beneficial for persons with disabilities
- **Stimulate** your senses while touring our 40-horse barn
- **Build** your strength and balance while feeding and grooming our therapy horses
- **Improve** your coordination while walking our property
- **Open** your heart while visiting (or hugging) our lovable therapy dog, "Emerson," who inspires our young and older clients alike
- **Relax** on our patio and enjoy our beautiful, pastoral, open-space environment

We welcome you to come for a visit; we like to make new friends!

For more information, please contact Sandy White at swhite@sheacenter.org or (949) 240-8441 x1126.
